## REAR DISCIPLINE FOR BRIEF PERIOD

### Officers and Students at Women's Camp Have "Admiration" Program.

**GOLD WRIST WATCH GIFT TO COMMANDANT E. E. POE**

**Number of Addresses Mark the Presentation—Examinations Reported to Be Nearly Completed.**

With the examinations nearly completed, the officers and students at the National Service School at Chevy Chase, Md., stepped without the rigid routine and relaxed today for a little "admiration" period. Shortly after the morning exercises, the bugler sounded "assembly" and the companies were assembled around the flagstaff in the residential section of the camp, where none but students and officers are allowed.

There Commandant E. E. Poe was presented with a gold wrist watch on behalf of the students of the camp, and addresses were delivered by staff officers and company commanders, all telling of the great good which was expected to result from this first woman's preparedness camp.

Miss Poe in thanking the students for the gift urged them to carry the idea of the camp back to their respective communities and asked them to keep it always alive.

**Compliments Service Men.**

She spoke of the members of the three branches of the United States service, the Army, Navy and Marine Corps, who had helped so materially to make the camp such a success in high terms. They are splendid men, she told the students, and they had shown the girls that in Uncle Sam's service there were efficient people. She said that more were needed in the service.

Others who spoke were Col. Miss Galtner, Capt. Francis Hoar, Mrs. Genevieve Clark Thompson, Capt. Clover, Capt. Clark, Capt. H. H. Schaefer, Capt. Schaefer, Capt. Belknap, Maj. Cleveland and Maj. Roberts.

Just before concluding the ceremonies the students gave cheers for practically every official in the camp, and included also the service men, the bugler and the cook, who got three cheers. This was the only observance of the morning in camp. Later the students were sent to their classes for study. The flag was at half staff.

This afternoon Speaker Champ Clark of the House of Representatives will deliver an address and Mr. William T. Russell, pastor of St. Patrick's Catholic Church, will pronounce the invocation.

**Cites Waste in Foods.**

Pointing out the enormous waste of food products in the American household, Miss Helen W. Atwater, assistant in the nutrition section of the Department of Agriculture, yesterday afternoon told the students that much of it was due to ignorance rather than indifference.

Miss Atwater declared that many housekeepers buy the wrong things to eat and buy in wrong quantities, and they fail to cook the articles properly and make them unappetizing, and they do not know how to make the most of the food.

While the waste in one household, she continued, might seem small, when figured on the basis of 100,000,000 population it is enormous. With intelligence on the part of the householder, she said further, this waste can be materially reduced.

## WASHINGTON HONORS VETERANS WHO BRAVED DEATH FOR COUNTRY

(Continued from First Page.)

lary to the United Spanish War Veterans. Mary Christopher, president of the United Spanish War Veterans, Harriet Hawley Locker, president Mary A. Babcock Auxiliary, No. 1; Mrs. Sarah Boynton, president M. Emmet Urell Auxiliary, No. 5; Jennie P. Rudolph, president District of Columbia Auxiliary, United Spanish War Veterans.

## PRESIDENT AT ARLINGTON PAYS TRIBUTE TO THE NATION'S DEAD

President Wilson, commander-in-chief of the army by virtue of his office, is this afternoon paying tribute to the nation's heroes in the great amphitheater being erected in Arlington national cemetery as the nation's memorial to their sacrifices on the field of battle that the nation might live.

This is the chief event of the Memorial day celebration, outside of the parade of the veterans this morning. It is the climaxing event, for the parade was but an overture to these patriotic exercises, and there, mingling with the march-wearied veterans, are their grandchildren, drawing a patriotic inspiration at the same time from the zeal of the old soldiers and the inspiring words of the chief executive commending them in the name of the country they served so well in their hour of need.

Notable at this celebration by the people of the National Capital are members of the cabinet, of Congress, scores of high government officials, evidencing that those who represent the government of the United States are ever ready by their presence to attest the lasting debt of honor due those who gave their all—even life itself—to the nation in time of peril.

**Notable Gathering Hears President.**

There are also gathered on the grassy slopes at Arlington the official representatives of many foreign nations, in visual living proof that all nations of the world recognize and pay reverence and respect to deeds of devotion to one's country.

The public, the real lifeblood of the country, by eager attendance, is showing its memory and appreciation and at the same time inspiring new inspiration and zeal for patriotic service.

The President's address is the only one upon the program. The department commander of the Grand Army of the Republic will call the assembly to order. The invocation will be by Rev. Alfred Harding, Bishop of Washington, and the benediction by Rev. Dr. W. H. Gotwald.

**To Recite Lincoln's Address.**

An interesting part of the program, an affecting part, is to be the recitation of Lincoln's Gettysburg address by Rev. Dr. Henry N. Couden, the blind chaplain of the House of Representatives, who lost his eyesight in the civil war.

The pretty service of "Presentation of the Flag" will be by the officer of the day by Capt. John Middleton and the Old Guard.

Coburn C. Oldroyd, assistant adjutant general of the Department of the Potomac, will read the orders, H. V. Speelman, past commander-in-chief, Sons of Veterans, U. S. A., will read the orders of Gen. John A. Logan, first establishing Memorial day.

The Marine Band is furnishing the concert music and several solo numbers. The National Quartet of this city has also been engaged by the Department of the Potomac to assist in the exercises, by accompanying the Marine Band, the quartet will sing a number of patriotic selections, concluding with "America," in which the assembly will join in a mighty chorus glorifying those who died as heroes. The members of the National Quartet are Elizabeth S. Maxwell, Lillian Chenoweth, William E. Braxwell and Joseph K. Schofield. Ethel Garrett Johnston is the pianist.

**Army and Navy Union Honors Dead of Nation at Exercises in Arlington**

Impressive ceremonies marked the observance of Memorial day by the Army and Navy Union this morning in Arlington cemetery.

Representatives of the Army and Navy Union and John E. Baker of California and Dr. Joaquin R. Torralbas, charge d'affaires for Cuba, made the principal addresses. They dwelt on the full significance of Memorial day—what it should mean to Americans of today and of the future.

PRESIDENT WILSON.

## MONUMENT AS MOVIE SCREEN.

**Views of Various Sections to Be Shown There Tonight.**

Motion pictures will be thrown against the base of the Washington Monument this evening in a free open air exhibition to which all the people of the District are welcome. This great memorial shaft will display the natural beauties of the country.

A laurel wreath thirty feet in diameter is to be hung on the base of the Monument, and within this will be projected motion picture films showing the great national playgrounds of the United States, the various national parks, such as the Grand Canyon, Yellowstone and Rocky mountain scenery.

This is the first display of the kind open to the public. It is arranged by the department of public instruction, bureau of commercial education.

## Library Open 2 to 10 Today.

The Library of Congress is enjoying only a partial holiday. For the convenience of the public and to accommodate many visitors in Washington the divisions of the Library, known as the Sunday and holiday service, will be kept open from 2 to 10 p.m. This includes the law library. Other divisions of the Library, including the copyright offices, are closed.

## FORM OF GOVERNMENT IN DISTRICT HELD BEST

**Randle Highlands Citizens' Association Opposes Proposed Plans for Change.**

Declaring that the present form of government in the District of Columbia was superior to that in other cities the Randle Highlands Citizens' Association last night voted to instruct its delegates to the Federation of Citizens' Associations to oppose the plans as proposed by the Petworth Citizens' Association, calling for a change in the government which would grant unrestricted suffrage to every person in the District over twenty-one years of age; call for the election of a governor and five commissioners, and give the President power to appoint five other commissioners. Practically every member of the association spoke on the subject, and although some were inclined to believe that a change would work to advantage, they did not believe that the change was suggested was an improvement. Comparison between the local government and that in other cities was made which showed clearly that the present form of government was superior. President C. A. Barker stated that any one had but to go through the city and observe its streets, police and fire departments, public schools and other public institutions to see that the present government was far superior to that of any other city.

**Hospital Proposal Discussed.**

There was some discussion regarding the proposal to purchase a large tract of land near the city upon which to place buildings to be used as tuberculosis hospitals, thereby removing these patients from the city. It was said that such a step would be particularly beneficial to tuberculosis patients, as the present quarters, it was stated, did not contain every modern convenience for the treatment of these patients.

The Tinkham bill providing for civil service examination for District employees was endorsed, with the change that instead of promotions being made by examination they should be made according to efficiency.

A request will be made that 23d street be widened from the city to the river. These two thoroughfares, it was said, are used extensively by vehicles and persons residing in the district and are much inconvenient from the dust. The association adjourned until the last Monday in September unless a special meeting be called.

**Southern Society to Elect Tonight.**

Officers for the ensuing year will be elected at the annual business meeting of the Southern Society of Washington at the New Willard Hotel tonight. Following the business session there will be dancing. The meeting will be presided over by Surgeon General William C. Gorman, U. S. A., who is president of the society.

**Davis' Birthday Celebration.**

The District of Columbia Division of the United Daughters of the Confederacy is to celebrate the birthday anniversary of Jefferson Davis Saturday evening at 8 o'clock at Mount Vernon Place, M. E. Church. Representative Pat Harrison of Mississippi is to be the principal speaker. Rev. Dr. Randolph H. McKim and Rev. Dr. D. R. Harding are to officiate. The Confederate choir is to furnish the music. The public is invited.

## CHANGE IS TO BE MADE IN SILVER CURRENCY

**Dimes, Quarters and Half Dollars of New Design to Be Minted After July 1.**

Dimes, quarters and half dollars of new design will be minted after July 1. Secretary McAdoo announced today. For the first time since 1891 a change will be effected in these pieces. The announcement disclosed that the half dollar has fallen practically into disuse. The new design was selected with hope of restoring it to more general circulation, it was indicated. Under the new coinage each piece will be of different design. The half dollar and dime models were made by Adolph A. Weinman and the new quarter dollar by Herman A. MacNeil. Both are sculptors of note.

## Design of Half Dollar.

The face of the new half dollar bears a full-length Liberty, with a background of the American flag flying to the breeze. The goddess is striding toward the dawn of a new day, carrying laurel and oak branches, symbolic of civil and military glory. The reverse side shows an eagle perched high upon a mountain crag, wings unfolded. Growing from a rift in the rock is a full-length figure of a person, symbolic of America.

The design of the twenty-five-cent piece is intended to typify the awakening of the country to its own protection. Secretary McAdoo's announcement stated, Liberty, a full-length figure, is shown stepping toward the country's gateway, bearing upraised a shield from which the covering is being drawn. The right hand bears an olive branch of peace.

## Bears 1916 Date.

Above the head is the word "Liberty" and below the feet "1916." The reverse bears a figure of an eagle in full flight, wings extended, and the inscriptions "United States of America" and "E Pluribus Unum."

Both the half dollar and the quarter bear the phrase, "In God We Trust." The design of the dime is simple. Liberty with a winged cap is shown on the fore side and on the reverse is a design of a bundle of rods and a battle ax, symbolic of unity, "wherein lies the nation's strength."

## MRS. R. B. MOTON EJECTED FROM BERTH IN PULLMAN

**Wife of Tuskegee President Forbidden to Travel in Coach With White People.**

MONTGOMERY, Ala., May 30.—Mrs. Robert B. Moton, wife of the new president of Tuskegee Institute, was ejected from a Pullman car at Troy, while enroute back to Hampton, Va. Mrs. Moton was accompanied by Blanton Moton, brother of Maj. Moton. The couple secured Pullman berths in Montgomery. It is said, and between Montgomery and Troy, Ala., the white passengers made objections and an officer was called when the train stopped at Troy. The train was held while the couple were moved forward to the regular negro car to the front of the train, and the rest of the night was spent in that coach.

**Statement by Maj. Moton.**

Maj. Moton stated yesterday that he specifically advised against trying to travel in a Pullman, but he presumed, if the Troy report is true, that some one else had advised differently when his wife reached Montgomery. He said his wife had visited this section once before, some five years ago, but had come through on a special car and had returned the same way. "She came to Tuskegee last week on a special car from Hampton."

Maj. Moton stated that he was absolutely regardless of southern opinion, inasmuch as he was born in the south. He has lived, worked and traveled all over the south, he said, and has never sought to override southern public opinion in the matter of racial relationship.

## CITIZENS OF PARK VIEW TO APPEAL TO SENATE

**Want Land Adjoining School Acquired for Playground Purposes.**

Disappointed over the failure of the House to provide an appropriation for the purchase of land adjoining the new Park View School, on Warder street between Newton and Otis streets, for playground purposes, the Park View Citizens' Association is planning to make a special appeal to the Senate to insert this item in the District bill. The executive committee of the association met last night and decided to make the requests for other improvements secondary in importance to the playground matter. President John G. McGrath was instructed to ask the Commissioners for their co-operation in presenting the appeal to the Senate.

Several important matters affecting the welfare of the community were taken up by the committee. Complaint was made about the dust on New Hampshire avenue, Park road and Park place, and Secretary George was directed to request the Commissioners to provide for the oiling of these streets.

**Contribute to Holiday Fund.**

T. H. Delaplaine was appointed chairman of a committee to arrange for Park View's representation in the citizens' association's relay race, which will be a feature of the Fourth of July celebration. It also was decided to vote a contribution of \$5 to the Fourth of July fund.

Adverse action was taken on the bill introduced recently in the Senate requiring the construction of buildings with thirteen-inch walls instead of the nine-inch thickness as required by the present regulations. President McGrath was authorized to appoint a special committee of five to co-operate with a similar committee from the Columbia Heights Citizens' Association, in urging the Commissioners to provide better lighting facilities on Park road from Mount Pleasant street to the west gate of the Soldiers' Home grounds.

## HOUSE NOW CONSIDERING NAVY APPROPRIATION BILL

Measure, Taken Up Despite General Holiday, May Come to a Vote Friday.

Despite the general holiday, the House of Representatives today went to work with a vim on the naval appropriation bill, the leaders determined to finish the measure by Friday. The bill was taken up today under the five-minute rule, Chairman Padgett of the naval affairs committee making efforts to reduce discussion to a minimum and accomplish as much as possible before adjournment. The fight on the building program is not expected today, but probably the republicans will endeavor to increase the bill so as to provide for eight capital ships at some time tomorrow.

Representative Kitchin's promised speech in favor of the bill was a feature of the debate yesterday. Originally he had fought the administration's naval program with a vigorous speech, which has been circulated widely. He took the floor yesterday in behalf of the bill because, he said, it had eliminated the five-year building program. Representative Kitchin gave several slaps at the "big navy" men, declaring their proposals for a second-place navy are the result of jingoism and hysteria.

English factories manufacture about 250,000 needles each week.
